Regretfully several requests could not be acceded due to constraint of funds as mentioned above.

Complete verification is carried out to ensure that a request received is genuine and justified for the help. Every one is welcome and invited to attend the weekly camp to see for himself how we conduct this community service.

PAD is ever-willing to help them to the maximum and therefore, desires a much enhanced contribution from the affluent community members for this noble cause.

For PAD Welfare Committee to continue helping our brothers and sisters, it needs your help. PAD cannot do it without your support. We, therefore, request everyone to come forward, join hands and support us to help our needy countrymen, who are in desperate need to resolve their problems.

If you would like to help any of the above case we would be honored to handle you the file and arrange your meeting with the deserving family.
